SQU
naco

The modular collection that
a surprising architectural character
combines with sustainable materials.

ALT
design
studio segers

Alt is 100% Belgian. "Made in Belgium" stands for quality, craftsmanship, sustainability and attention to detail.

The contemporary interior evolves towards unique furniture that adapts to the new living situations where modularity and flexibility are key words. Cabinets with a timeless aesthetic that can be individually configured according to the customer's wishes, available space, function and material use.

The innovative Alt collection is the result of the constructive collaboration between furniture manufacturer Saunaco and the designers of Studio Segers.

SAU
naco

A cabinet system where
architecture and refinement come together
in a timeless play of lines.

A dynamic storage system
with a contemporary design and
a minimalist appearance.

ALT AUDIO

Free your living room from loose devices and cables.

ALT AUDIO

Functional soundbar TV furniture.

Configurable storage system
where material,
colour and function as desired
can be filled in.

Flexible cabinet programme
with a discreet, elegant design
and with exceptional attention
to detail and craftsmanship.

A coffee table like
a coffee table should be
aesthetic and practical.

MATERIALS AND COLOURS

Door fronts, drawer fronts, open compartments, side panels, tops, bookshelves, tables and coffee tables are produced in various materials.

The ALT collection is available in various selected shades in oak and lacquered oak. **A finish in 11 different colours of matt or high gloss powder-coated MDF is also possible.** Powder coating is extremely scratch-resistant, environmentally friendly and antibacterial, it has a long lifespan and guarantees a seamless and homogeneous finish. **Table tops can be supplied in 18**

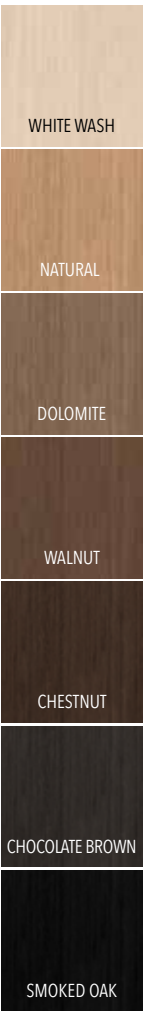

shades of oak (Tabletops are not available in ceramic). The cabinet tops can be supplied in glass, oak or powder coating or ceramic.

Cabinet tops in easy-care ceramic. A sustainable solution resistant to stains and scratches.

The possibility of combining various colours and materials not only gives each piece of furniture an authentic character, but also gives the possibility to create surprising and original combinations.

ALT

Belgian production and Belgian design.

QUALITY, CRAFTSMANSHIP AND DESIGN

Saunaco has many years of experience with the development and production of quality products. It is a constant search for refinement, new techniques and functional improvements.

Saunaco furniture is manufactured with artisanal quality using advanced, modern machines. Every part is thought through to the smallest details, perfection is in the genes.

Saunaco pays a lot of attention to the aesthetic and functional aspects of furniture. Sustainability is also central throughout the entire production: both the use of materials and the choice of finishing products are ecologically responsible.

**MADE
IN
BELGIUM**

Studio Segers is a design agency for product design, graphic design and architecture. Different generations of designers guarantee a no-nonsense approach, no superficial design but meaningful concepts stripped of all excess. Wim Segers, Bob Segers and Tom Fonteyn are creative designers who are active for established national and international brands.
