

COLLECTION RON

DESIGNED BY STUDIO SEGERS

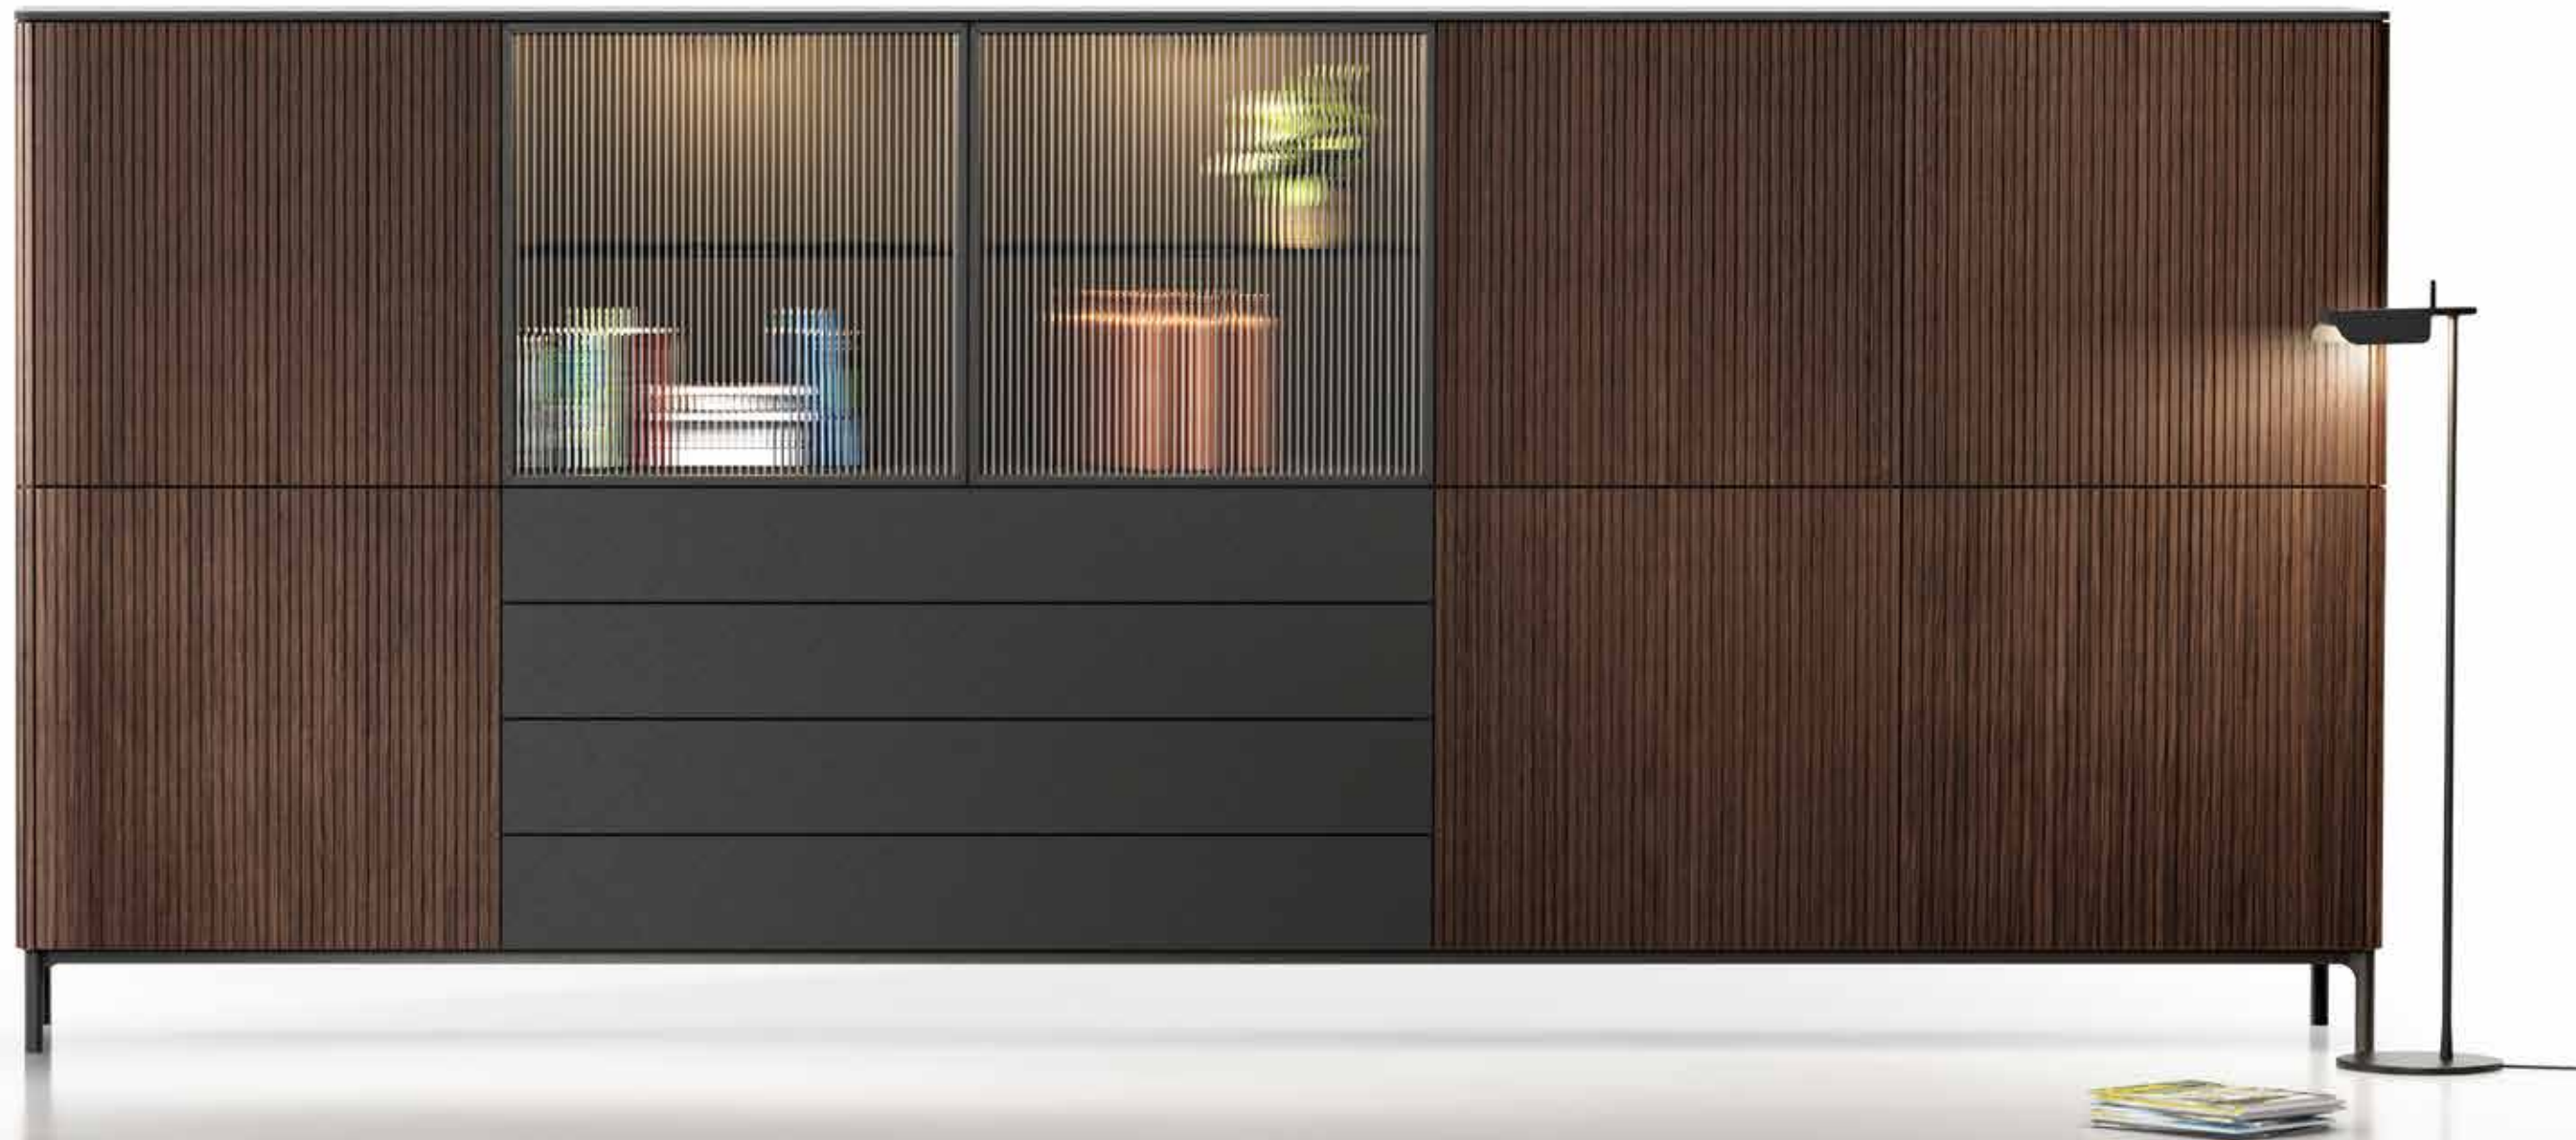

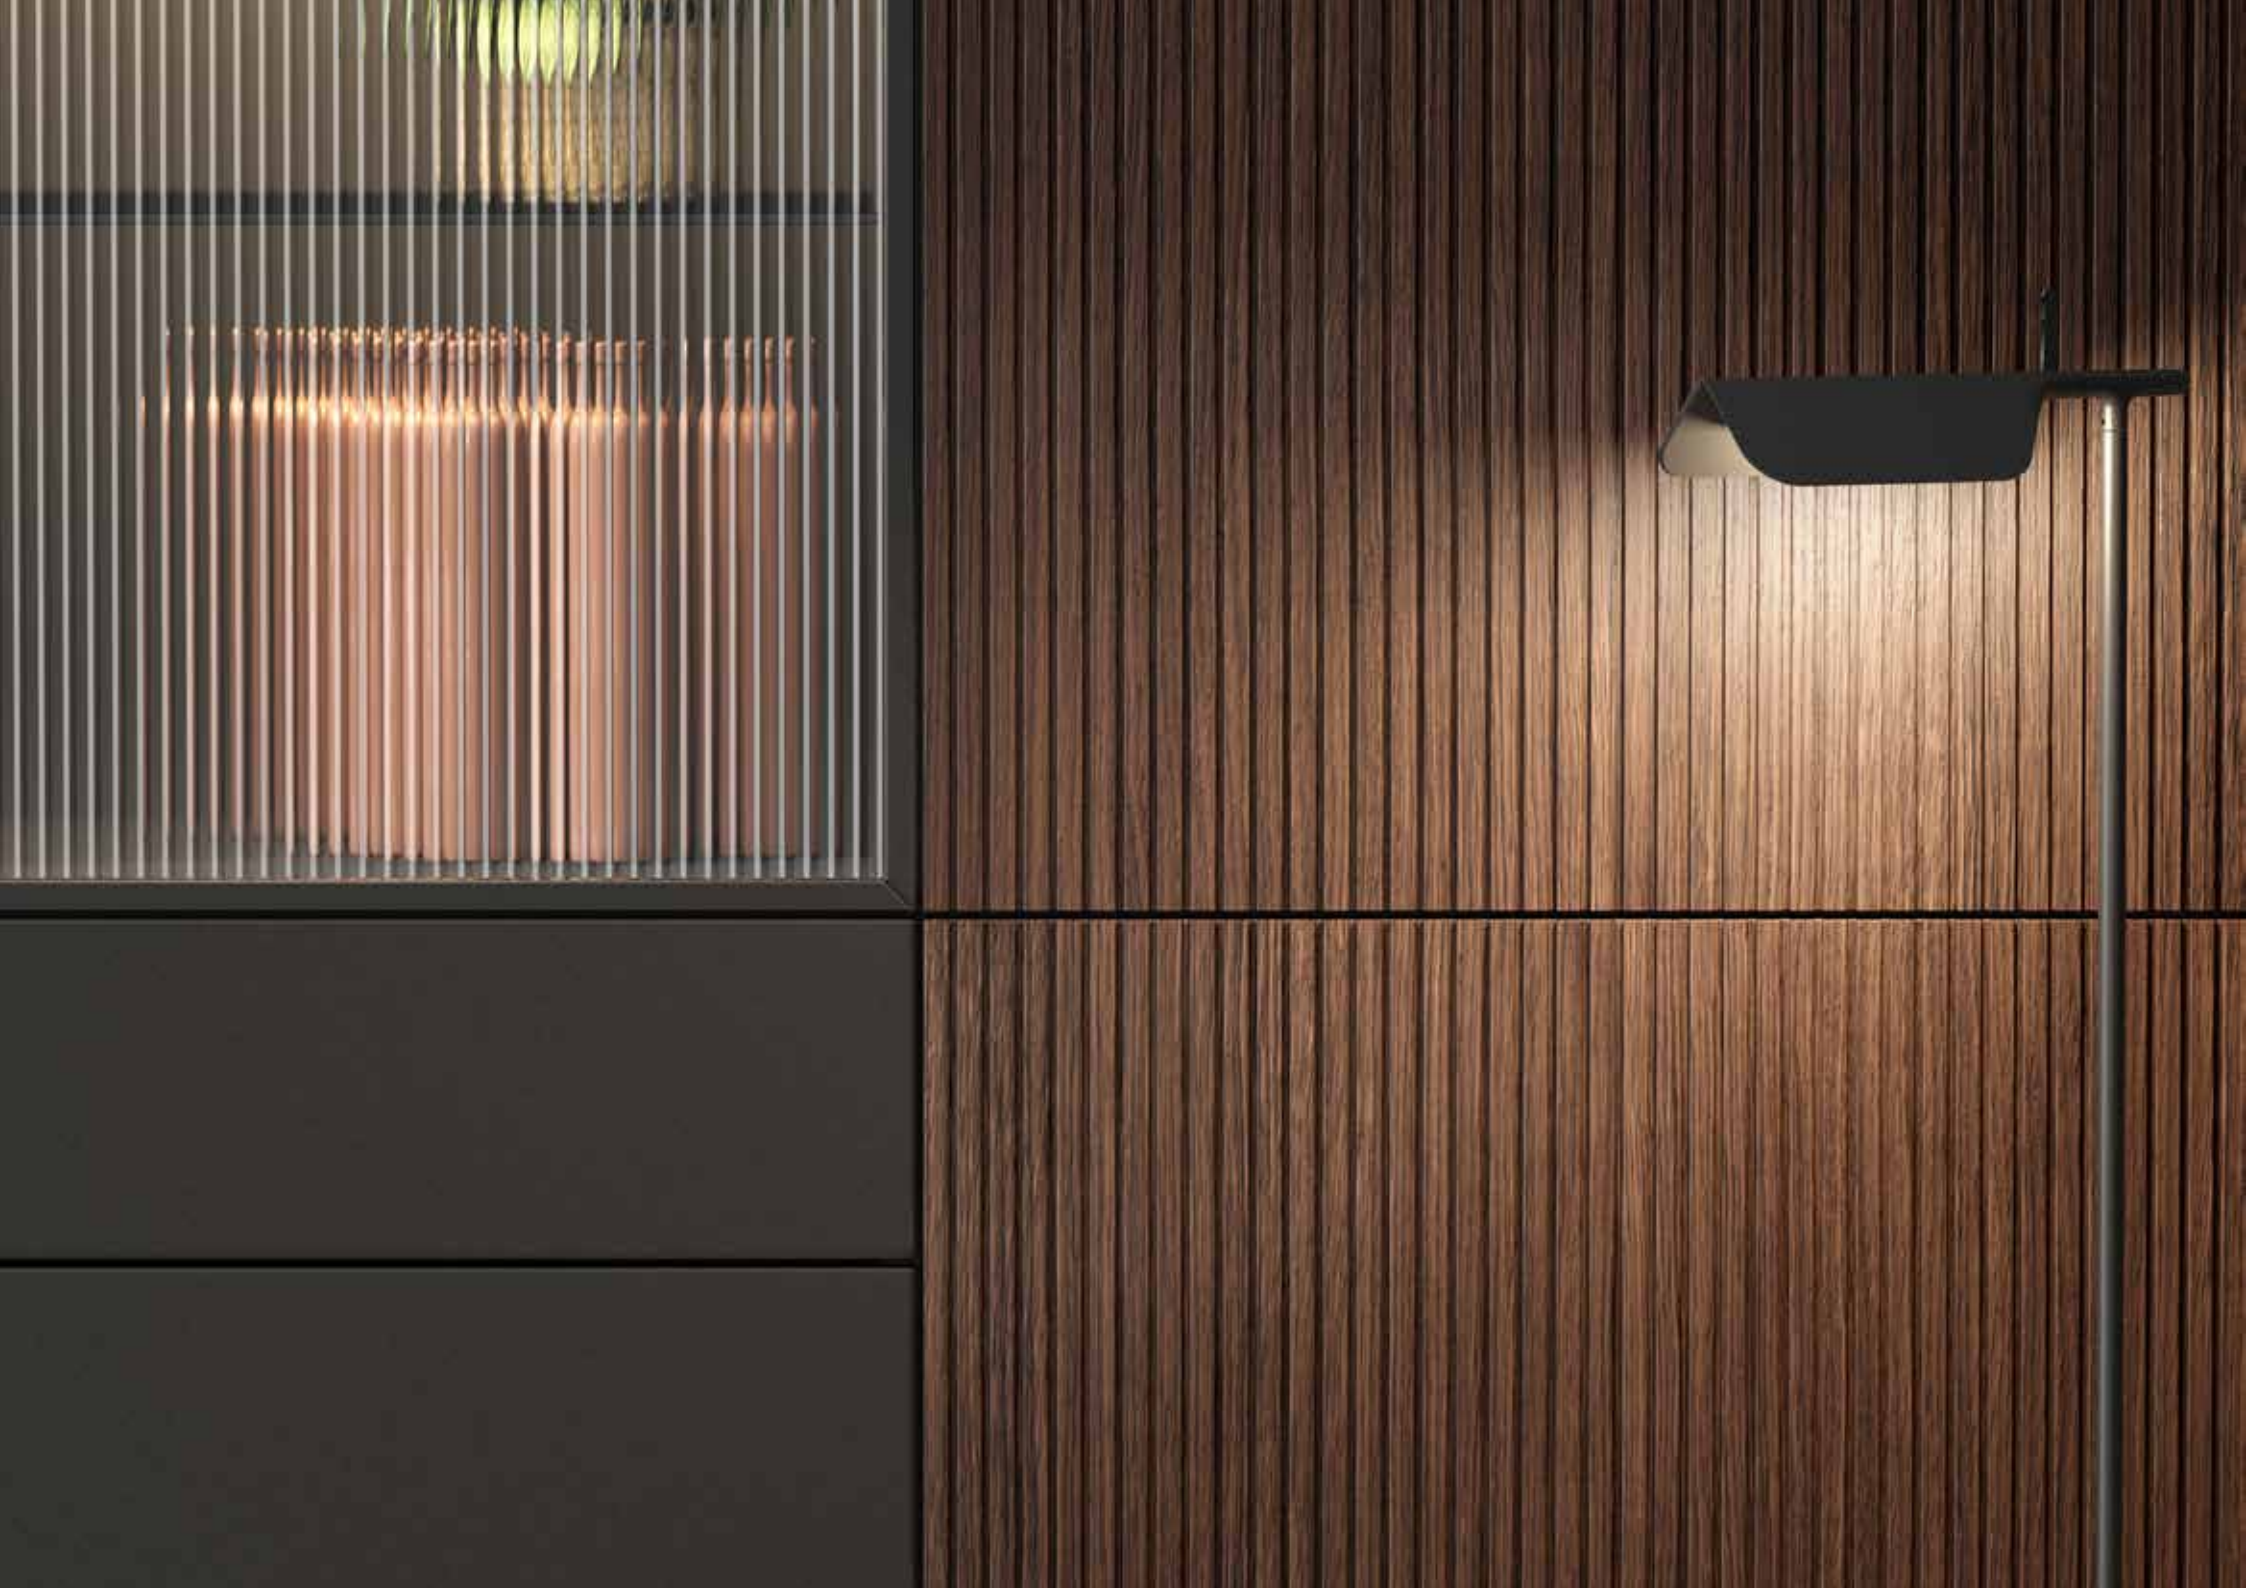

RON MODULAR FURNITURE WITH ROUNDED CORNERS

Ron is a highly modular furniture program with soft, rounded corners. Together with the refined aluminum sub frame and subtle grooves, this innovative collection radiates elegance and finesse. The tactile, grooved panels in oak or powder coating curve smoothly from the front to the sides.

A collection that breathes refined aesthetics, where simplicity and authentic craftsmanship find each other seamlessly. A clear, readable and well-thought-through furniture program with a pure design and unique linework.

CREATE YOUR OWN FURNITURE,, THE POSSIBILITIES ARE UNLIMITED ...

Door fronts, drawer fronts, open modules, sides, tablets, bookshelves, tables and coffee tables are produced in diverse materials. You can find the different finishing options per product type in the table below. Collection RON is available in **a diverse tint selection of oak and lacquered oak**. A finish in **powder-coated MDF in 9 different colours is also possible**. Powder coating is extremely scratch-resistant, environmentally friendly and anti-bacterial, has a long life span and guarantees a seamless and homogenous finish. Table tops are available in

QUALITY, CRAFTSMANSHIP AND DESIGN

MANUFACTURED WITH ADVANCED MODERN MACHINES

QUALITY, CRAFTSMANSHIP AND DESIGN

Saunaco has decades of experience in the development and manufacturing of high quality products. We're continuously looking for refinement, new technologies and functional improvements.

Our furniture is manufactured with artisanal quality with advanced and modern machinery. Every part is thought through to the smallest detail- perfection is in our DNA.

We spend great attention to the aesthetic and functional aspects of furniture. Sustainability is also central throughout production: both the use of materials and the choice of finishing products are sustainable and eco-friendly.
